

Quiet Spaces

James B. Hunt Jr. Library

This map is designed for people who have noise sensitivities and who are looking for study spaces that fit their needs. This map highlights spaces that tend to be quiet and study rooms with sound masking (adjustable white noise speakers). Library use may vary throughout the year, so noise levels may fluctuate. Questions? Ask Us: email library_askus@ncsu.edu, call **919-515-7110**, or visit the Ask Us center on Floor 2.
